Faculty Advisor: Advisor in Tanzania Dr. Senga Pemba MD,
pemba@healthtrainingifakara.org

Description/Duties:

For 3 weeks May 31 - June 18 2011, 10 students travelled to Ifakara, Tanzania to work and train at a district hospital (St. Francis). Task included shadowing physicians in the triage, assisting in surgeries and OB/GYN procedures and assisting in taking vitals. Lectures by the physicians were on pertinent topics, both in Africa and on general healthcare.

Activities for Medical Students:

Observing Agency/Organization staff interacts with clients/patients.

Opportunity to communicate health education information to clients/patients.

Conduct a health screening.
