Faculty Advisor: Dr. Eric Ayers

This program is able to accommodate around 65 students

Description/Duties:

The Code Blue organization exists to help serve underprivileged communities by volunteering at local public schools. Our volunteers are organized into 4 member teams and matched with a class at the school. The teams plan lessons and games for their class to teach them about different topics that they may not be aware of, such as hygiene, manners, and healthy living. Our members are committed to making a difference in our community and helping educate our youth.

Commitment: Each student will meet with their assigned classroom once each month, with each visit lasting 1 hour. The visits will be scheduled by the students and their teacher during normal school hours. Students will also be given 1 hour to prepare for their visits, except for the first and last visits since they will be scheduled and planned by the coordinators.

Preferred Hours: Prior to Noon Noon to 5pm

Activities for Medical Students: Tutoring children
