Description:

Students have the opportunity to not only tutor K-8 students from Spain Elementary school, but also mentor these students in a way that coincides with the environment created by the Friendship Baptist Church. Students are expected to ensure that the kids complete all of their assigned homework for the day, as well as answering any and all questions the students may have. After study time is over, students will be able to have a small meal with the Spain kids and from there can continue their mentoring relationship.
