Website: <http://www.humed.webs.com/>

Faculty Advisor: Dr. Harsha Jayatilake

This program is able to accommodate 80 students

Description/Duties:

HuMed Mentoring: HuMed mentoring will center around a “Big Sib/Little Sib” program with Wayne State pre-medical undergraduates. HuMed students will advise the undergraduate students on activities to focus on during their undergraduate studies to enhance their premedical experience and make them a stronger candidate for medical school. HuMed students will also encourage the pre-med students to get clinical experience and be active in the community during their undergraduate education. Lastly, HuMed students will encourage pre-medical students to explore and appreciate alternative forms of medicine and also to appreciate the artistic side of medicine.

Commitment: Time commitment will vary depending on when activities are offered and what best fits into the student's personal schedule.

Activities for Medical Students:

Observing Agency/Organization staff interacts with clients/patients.

Opportunity to communicate health education information to clients/patients.

Special Projects: HuMed Pre-Med Mentoring Program____
