

**Category:** Outreach

**Name of Organization:** SIGN Student Interest Group in Neurology

**Faculty Advisor:** Dr. Madhavan

**Website:** <http://www.aan.com/go/education/students/medical>

**Name of Person verifying Co-Curricular hours:** Shannon Moore-Langston

**Email:** [smoorela@med.wayne.edu](mailto:smoorela@med.wayne.edu)

**Film and Discussion:** "The Diving Bell and the Butterfly"

**Objectives:**

- 1) To introduce popular representations of Neurology
- 2) To explore the impact of neurological disease
- 3) To discuss contemporary roles for neurologists

**Outline of presentation:**

The Student Interest Group in Neurology will screen a film, "The Diving Bell and the Butterfly," that presents one man's experiences after a stroke and the mechanisms he developed to overcome "locked in" syndrome. The co-coordinators will lead a discussion for students following the film.

**Time: 5 to 8pm**

**Activities for Medical Students:**

Film and Discussion
