**Website:** www.stpatseniorcenter.com

Activity Location: St. Patrick Senior Center

58 Parsons St.

Detroit, MI 48201

**This program will be able to accommodate** 5 per day

**Description/Duties:**

The Senior Citizen Outreach Program is dedicated to reaching out to Detroit's senior citizens and helping them monitor their health through blood pressure screenings. Two Saturdays per month we volunteer at St. Patrick Senior Center, where we socialize and conduct blood pressure screenings for the seniors. We communicate the dangers of hypertension, effective ways to monitor and control blood pressure, and other important steps to maintain health. Our focus is to help the seniors of Detroit while interacting and learning from them at the same time.

**Commitment:** Two Saturdays per month from 10 am – 12 pm

**Activities for Medical Students:**

Opportunity to communicate health education information to clients/patients.  
Conduct a health screening.
