

2012 FIGHT FOR AIR CLIMB
experience the climb of your life
† AMERICAN LUNG ASSOCIATION.

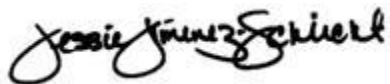

Dear Medical School Student Affairs/Student Organizations,

November is Lung Cancer and COPD Awareness Month. Lung Cancer is the #1 cancer killer of men and women in the United States. The American Lung Association is hosting its 6th Annual Fight For Air Climb Detroit on Sunday, March 4th. This event at the Detroit Renaissance Center will help to raise funds to prevent lung disease.

We're contacting you today because we need help with our event! Currently, we need volunteers to distribute promotional materials to local businesses in order to spread the word about the climb. We are only asking for a few hours of your time. By participating in this service project you will be helping the American Lung Association ensure our stair climb event gets off on the right foot. Groups as small as 2-3 or as large as 20+ are welcome. The more volunteers that come together, the stronger our fight in the fight for air!

Volunteers are always needed to help make this a great event. There are many volunteer jobs such as greeters, registration, water station monitors and much more! All volunteers will receive food during the event. Shifts are available from 7am to 2pm. To volunteer, please register on our website at www.ClimbDetroit.org or e-mail me at jjimenez@midlandlung.org.

Sincerely,

Jessie Jimenez-Schlicht
