The **WSU SOM Women in Medicine & Science Group**

welcomes **all** members of our community to join us for a Special Interactive Discussion

February 10, 2020 from 12:00-1:00 PM, Margherio

Light lunch served at 11:45 AM

“Organizational Approaches to Improve Well-Being for Healthcare Professionals”

This session will explore the following questions:

- What is burnout and how does it affect different practitioners in medicine?
 - What causes burnout and how can we cope with burnout?

In this one-hour presentation, participants will define burnout. They will review data on burnout in medical students, nurses, APP's, residents and faculty. We will discuss what causes burnout and introduce individual tools to cope with burnout. We will also introduce organizational approaches to mitigate burnout.

Dr. Lisa MacLean, MD: Director of Physician Wellness for Henry Ford Health System

Dr Lisa MacLean, MD is the Director of Physician Wellness for the Henry Ford Health System in Detroit, Michigan where she develops programming to assist physicians and residents in optimizing healthy coping strategies, finding good life balance and delivering high quality health care. Prior to her appointment at Henry Ford Health in 2017, Dr. MacLean served as Associate Dean of Student Affairs and Career Development at Wayne State University School of Medicine. Dr. MacLean's has a long relationship with Henry Ford Health System. Previously, she worked at Henry Ford Hospital where she served as Psychiatry Residency Program Director, Chair of the Graduate Medical Education Committee, and Director of Education for the Psychiatry Department.
