Women in Medicine and Science School of Medicine

The Wayne State University School of Medicine Women in Medicine and Science Group (WIMS) welcomes all members of our community to join us for a Special Interactive Discussion with Christine L. Jackson, Ph.D.

"Navigating Difficult Conversations"

Successfully managing difficult conversations can lead to more effective relationship-building and conflict management. Avoiding or mishandling these conversations can break down communication and weaken trust. Join us at this workshop to learn how to identify, prepare, and effectively hold difficult conversations.

Christine Jackson is a Full Professor and Chair of the Management and Information Systems Department in the Mike Ilitch School of Business at Wayne State University (WSU). Professor Jackson is also the co-leader for Wayne Women LEAD, WSU's chapter of MI-ACE Women's Network, which provides professional development to the women of WSU. She is a graduate of the MI-ACE Senior-Level Leadership Shadowing Program and Penn State's Leadership Development Program and is in the 2020 Cohort for HERS Institute Leadership Development Program. Professor Jackson research interests include fairness in the workplace, leadership, trust, and team effectiveness.

When: Monday, June 22, 2020

Time: 12:00-1:30 PM

Virtual Platform: ZOOM
